Smart. Reliable. Quality.

Outstanding performance with superior image quality

Work faster and smarter with these departmental powerhouses

Extending production-like performance to the office environment, RICOH IM C6500 and IM C8000 each offer impressive speed of up to 65ppm and 80ppm respectively and bring high-quality colour prints and performance to your business. From creation to output, they are designed to help you increase productivity and efficiency, maximising your return on investment.

Save on future investments with our future-proofed solutions

With RICOH IM C6500 and IM C8000, you no longer have to purchase new equipment to meet your changing document needs as your business grows. RICOH Always Current Technology allows new features to be installed on your existing RICOH IM C6500 and IM C8000 on demand. Simply select from a range of smart applications, enhancements and software to manage your document needs as they change.

Navigate with ease, even remotely

The intuitive 10.1-inch Smart Operation Panel allows you to navigate with simple touch and swipe gestures, much like on your smartphone. A variety of mobile connectivity options enable remote printing as well as scanning to the office network or cloud from any smart device with built-in support for NFC, Apple AirPrint[®] or Mopria[®]. All this is underpinned by a unique suite of support apps from RICOH Smart Integration.

Gain even greater control of print and scan management

There is so much more you can do with the additional features you will find on RICOH IM C6500 and IM C8000. Smaller sized documents can be scanned easily with the new small sized paper scan unit and you can improve scanning accuracy by simply adding an extra double feed detection unit. With our new multi-folding unit, you can now create and print professional-grade flyers any time, saving on the cost of outsourced printing services.
